STEP BEAM

Step Beam is available in many profiles. Max capacity is up to 14,000 LBS/per pair calculated based on the requirement of the current RMI specification. The teardrop pallet racking provides a robust, patented, automatic lock for improved safety. Our safety lock has been pre-installed at the factory which provides positive beam-to-column engagement and improves installation work efficiency.

PACKING

LOADING

We are dedicated to the **packing and loading** process because we aim to deliver the best products to our customers. We understand that careful packaging and transportation are about protecting the product's quality and creating the best experience for our customers. We believe that each of our products is not just an item but a part of the experience that our customers will remember and appreciate. Therefore, our dedication to the packing and loading process is how we demonstrate our commitment to customer satisfaction and trust.

Product Quality Assurance: **RMI, AS4084, CWB**

FAQ

01 What is the production lead time of your factory?

It depends on your volume. Standard orders can be ready in 7-10 days. But when the volume is large, please communicate with our sales rep to arrange the quickest production.

02 What is the production capacity of your factory?

~ 150 containers/month

03 Are there any tariff or duties on your products to Australia?

We have a C/O (Certificate of origin) from Vietnam. So there are no tariffs or duties.

04 Can you customize racking systems based on our requirements?

Our factory has been completed as a whole in May 2019. You can see all the equipment and facilities in the FACTORY part of the website navigation. We sincerely welcome you to visit our factory.

05 What are the international trading terms provided?

EXW/FOB/CIF/DDU. In fact, we can do all the international trading terms.

06 Do you have product certifications?

Yes, our racking systems comply with RMI (USA) and CWB (Canada) standards, and we also have the AS-4084 certification for Australia to meet local market requirements.

07 What are the payment terms?

Generally, our payment terms are 30% T/T in advance as a deposit, and 70% T/T against a copy of B/L as a balance. If you have any special requirements, please contact our sales team.

08 How is the packaging of your products?

Our export packaging includes corrugated paper, carton boxes, crossties, pallets, angle steel, plastic film, steel ties, and air bags. We have extensive experience in export packaging to ensure product safety.

09 Do you offer samples?

Yes, we can provide samples upon request. Please contact our sales team for details on sample availability and shipping arrangements.
